YOU WILL NEED:

- Size 7 (4.5mm) 24" circular needle or size to obtain gauge
- Size 7 (4.5mm) double pointed needles or size to obtain gauge
- Stitch markers
- Cable needle

GAUGE:

In Honeycomb St: 28 sts and 28 rows = 4" (10.2cm)

In garter st: 18 sts and 26 rows = 4" (10.2cm)

Exact gauge is essential for your project to be the proper size. As you begin your project, make a sample swatch per the instructions using the recommended yarn and needle. After you complete the swatch, measure it, counting your stitches and rows carefully. If your swatch is larger or smaller than specified, change the needle size and make another swatch to get the correct gauge. Keep trying until you find the

needle size that will give you the specified gauge.
