ACRYLIC COASTER

FINISHING INSTRUCTIONS

Use the corkboard as a template to cut out your design, making sure the design is centered. Peel the backing off the thin cardboard piece. Center the stitched design over the sticky side and press. Do not cut off the excess fabric. Place the design face down into the coaster; the fabric will stick out around the edge. Trim only if needed. Peel the backing off the foam core piece. Place the sticky side over the back of the cardboard piece. Peel the backing off the corkboard. Place the sticky side on the back of the coaster and press.

If the coaster becomes soiled or dusty, gently wipe a damp cloth over small areas until entire coaster is clean. Do not submerge in water.

Color and Symbol Chart

Full, Half, and Quarter Cross-Stitches (2 strands):

Craftways	DMC	Color
122		604 Light Cranberry
